

Head of Division at the Institut für Textiltechnik of RWTH Aachen University

About us:

The ITA is one of the 10 largest institutes of RWTH Aachen University. Our work comprises mechanical engineering, fibre-reinforced polymers, polymer technology, medical technology and Smart Textiles.

Research is carried out both as basic research and application-near development together with industry partners. European and international projects are our particular strength. The ITA is one of the leading institutes in the field of fibre-based implant development, body area sensors and monitoring with Smart Textiles.

We are looking for:

Head of Division Medical Textiles / Smart Textiles

Your tasks:

- As division head you are leading a group of about 30 employees (thereof 8 scientists) with a strong potential for growth
- Acquisition of clients and projects
- Establishing and maintaining contacts to researchers and industry partners
- Conducting the spin-off and commercialisation of project results

The regular weekly working time is 39 hours and 50 minutes. The salary is based on the collective work agreements (TVL). A structured adjustment to the new job and a professional human resource management can be offered.

Your profile:

- You obtained a PhD and experienced in the area of medical technology and Smart Textiles.
- You already lead personell and working groups
- Above that you show initiative and can work in a team.
- A systematic work style, a strong interest in interdisciplinary work and in engineering tasks complete your profile.
- You possess excellent skills in the English and German language

RWTH Aachen University has been rewarded with the "Total-E-Quality-Award" for its efforts with respect to gender equality. Applications from female candidates are explicitly welcome. In cases of equal qualification, aptitude and expertise of the applicants, female applicants will be given preferential treatment for those salary groups and careers in which females are underrepresented, unless there are preponderant reasons to give preference to another applicant. Please refer to § 8 Article 6 of the North Rhine-Westphalian Equal Opportunities Act (Landesgleichstellungsgesetz NW). RWTH Aachen University has been rewarded with the title "disability-friendly" ("Prädikat behindertenfreundlich") for its efforts with respect to training and employment of severely disabled people. Applications from severely disabled people with appropriate suitability are explicitly welcome. This also applies to people with equal opportunities in accordance with § 2 SGB IX (Social Code).

If you would like to take an interesting professional opportunity we are looking forward to your application. Please send your application and the earliest possible starting date to:
