

Summer School September 17-20, 2011 Krems /Austria

In 2011 the Working Group for Education together with the Danube University Krems and the IMC Fachhochschule organized its 1st Summer School in Krems, Austria at the IMC Fachhochschule Krems.

The program was organized by the Scientific Committee composed of Prof. Dieter Falkenhagen, Prof. Allan Hoffman and Prof. Buddy Ratner. 20 Presentations of high level covered the topics: Principles and Practice of Biomaterials for Regenerative Medicine and Artificial Organs. 76 participants from 10 countries joined the Summer School and could enjoy the very personal atmosphere of the meeting.
