

Congratulations to the Winners of the ESAO Awards 2022

European Society for Artificial Organs

Gold ESAO PhD Award 2022

- **Michela Bozzetto** (University of Bergamo, Italy)
Novel computational strategies to improve the clinical outcome of arteriovenous fistulae for hemodialysis
- **Mojgan Ghodrati-Misek** (Medical University Vienna, Austria)
Numerical simulation of intra-cardiac flow fields under mechanical circulatory support: consideration of different numerical algorithms and ventricular geometries

ESAO-SAGE Research Award 2022

- **Antony P. McNamee** (Griffith University, Queensland, Australia)
Bovine erythrocytes are poor surrogates for human when exposed to sublethal shear stress

Int J Artif Organs. 2022 June 45(6):1-8
